FOCUS DENTAL GROUP

Family Dental Health Program

Designed to provide affordable, quality dental care to those without dental insurance.

801.255.7101

We recognize that not everyone has dental insurance, and too often our patients get “priced out” of regular preventative dental care. We’d rather see you twice a year for cleanings than several times for emergencies. We want to help you have the healthiest mouth possible! This is why we have created our **Family Dental Health Program**. As an alternative to dental insurance, our program is designed to make great dental care more affordable and accessible for every family. For an annual fee, members of this program receive their bi-annual preventative care – cleanings, exams and x-rays – at no additional cost, and enjoy discounted prices on most of our procedures like fillings, root canals and crowns.

Benefits

- 30% OFF other dental work when paid in full at time of service.
*Restrictions apply with CareCredit and orthodontics
- Affordable annual participant fee.
- No deductible or yearly maximums.
- Immediate eligibility (no waiting periods).
- No pre-authorization.
